https://github.com/ZealinBee
+358 451718399
Tampere, Finland
Full-stack developer who specializes in .NET + Azure + React stack.

Experience

JAN 2024 - PRESENT
Full-Stack Supporting Instructor at Integrify

Supporting students, giving feedback on pull requests(assignments), and grading
their assignments
Hosting live Q&A sessions bi-weekly to answer students question about their code
Interviewing the applicants and choosing the right students together with the Talent
Recruiter

OCT 2022 - MARCH 2023
Dishwasher at Bali Corner

Washed and organized different dishes under time pressure.
Collaboration with the cook and other colleagues in a stressful environment.
Dealt with customers in the cashier and took meal orders.

Projects

https://integrify-library.netlify.app/
Created a full-stack project with an elegant UI with react/redux & sass and a robust backend with .NET, allowing users to
loan books and librarians to manage books and authors. Hosted with an azure web app service with CI/CD and used
PostgreSQL for the database(Also hosted on Azure).

https://zhiyuan-shop.netlify.app/
Created an ecommerce front-end with fully responsive and modern UI(MUI) and complex functionalities with react and
redux toolkit, also incorporating typescript.

https://github.com/ZealinBee/Kanban-API
Built a Kanban API with .NET, inspired by the SCRUM Kanban board for project management. Includes detailed
documentation for public use cases.

Education
